Pike Fury FC Competitive and Bridge Team General Information

1. PROGRAMS

U8 and U10 Bridge: Our U8 and U10 bridge programs are designed for developing players who are ready for a taste of a more competitive environment. We create travel teams typically declared in the next age group within the recreational league. These teams receive training by licensed staff and our Select trainers, ensuring a fun and competitive atmosphere that prepares both players and parents for the transition to competitive soccer. We offer two full and half seasons for this age group. **Tryouts are required. Players are selected for teams based on overall skill level.**

U13 - U19 Program : This program is designed for players ages 9-18 and offers the opportunity to play in state, regional and national league structures. Select teams are to participate in SCCL. The number of games varies depending on the age group and performance. U13 and U14 teams will have both Fall and Spring season, where U15 and older teams only have fall season. U13 will be declared in a lower bracket in SCCL to accommodate the jump in skill set should there players be playing up more than 1 age group. Both will compete against other Metro Atlanta Soccer Club Academy Teams (10-12 games and 1 tournament per season. **Tryouts are required. Players are selected for teams based on their overall skill level.**

2. TRYOUTS

Tryouts and Evaluation & Team Placement Process:

Our tryout registration is open, and we want any player interested in playing Bridge, U13 to U19 for Pike Fury FC for the 2024 - 2025 soccer year to register as soon as possible if you haven't already. Please keep in mind that registering does not commit you to anything but does help us plan appropriately.

At Pike Fury FC our goal is to provide the best possible development platform for every player. Team placement has to align with the overall skill level of the player, where the player can be challenged but also find success within the level of play.

Pike Fury FC may hold and use " ID" sessions as well as tryouts to evaluate all players. In addition to tryouts, Pike Fury FC coaching staff will collaborate through conversations and conferences to ensure each returning player's seasonal play, previous evaluations, demonstrated skill, demonstrated progress & development, maturity, mentality, and overall body of work throughout the 2023 - 2024 soccer year is factored into their respective team placement for the 2024 - 2025 season. Current and former coaches as well as program directors are part of the player evaluations.

Tryout Dates and Times will be posted on our website, Facebook and sent out via email.

Players will receive the acceptance letter via email by Monday following tryouts and have 48 hours to accept to reserve their spot on the team.

We truly appreciate your support and understanding during the tryout process. As always, if you have any questions, please contact your coach or other Pike Fury FC staff member and we will gladly assist you in any way we can.
